Datos curiosos

Jeff Vyduna, Brad Gessler y Sean Eby eran compañeros de trabajo en Deloitte Consulting.

Estaban encargados de realizar presentaciones internas de la compañía.

Iniciaron *Code* en abril de 2007 y el sitio en línea se lanzó en septiembre de 2007.

Durante ese tiempo, Vyduna se matriculó en la *Sloan School of Management del MIT*.

El 14 de mayo de 2008, la empresa se ubicó como semifinalista en el *MIT \$100K Entrepreneurship Challenge*.

Poll Everywhere fue aceptado en *Y Combinator*, compañía que financia startups.

¿Qué es Poll Everywhere?

Poll Everywhere es una herramienta web que permite:

generar preguntas interactivas

crear un cuestionario con múltiples preguntas en la misma presentación

incluir las preguntas interactivas en presentaciones de Powerpoint, Keynote o Google Slides, etc.

¿Qué es Poll Everywhere?

Transforma comunicaciones unilaterales en intercambio de información bidireccional con el público.

Este es un sistema de respuesta de audiencia, basado en la web o mediante la descarga de programas, que permite integrar actividades interactivas en su presentación.

La audiencia responde durante la discusión de un tema o contenido de un curso mediante mensajes de texto (SMS).
